60 Years of the Jaquar Group

Conceived back in 1960, the Jaquar Group has been built on the platform of the highest quality standards, aesthetics and the intent of providing world-class products. It is a rapidly growing multi-diversified 'Complete Bathroom and Lighting Solutions' group. The Group caters to various segments of bathroom and lighting industry for the luxury, premium, and the value segments through its brands – Artize, Jaquar and Essco. As undisputed market leader, the company has presence in over 60 countries across Europe, Middle East, Asia- Pacific, Africa and the SAARC region, 7 state-of-the-art manufacturing units in India and 1 in South Korea.

ESSCO by Jaquar Group

For over 6 decades 'Essco' the bathroom brand has been the benchmark for organised bath industry in India. Essco defines base quality standards in India. A great value for money brand, Essco, is an offering from the Jaquar group- India's leading name in complete bathroom and lighting solutions. Essco pioneered the concept of branded bath fittings in India, and is today one of the most respected names in the market, fulfilling a common man's ambition of a better quality of life through better hygiene.

- A PAN India brand, Essco stands for true quality, affordable pricing, trusted customer service and 10 year warranty promise.
- Delivering products that are functional yet promise great aesthetics at an easy-to-own price.
- Supporting affordable and sustainable housing in India.
- Rapidly expanded its foot print in tier-II ,tier-III & tier IV cities across India.
- Provides the best option and opportunity to shift unorganized/non- standard quality segment to standard quality products.
- Offers complete bathroom solutions covering wide range of design options in bath fittings, sanitaryware, water heater and bathroom accessories.

Water Heater

High Quality Glass Lined Inner Tank

Introducing the new Essco Storage Water Heater range that comes with Glasslined Tank that counter scale, sediment, residue build up on the surface of the water heater tank over time due to the hard water. The Glasslined Tank prevent corrosion when it is in contact with warm water. This increases the longevity of the appliance enhancing your bathing experience.

High Density PUF Insulation

CFC free high density Polyurethane insulation keeps the water hot and prevents heat loss for a long time. It reduces energy consumption and provides high energy efficiency.

Incoloy Heating Element

Incoloy Heating Element offers superior heating performance with resistance to carbonization and oxidation at high temperature. It also resist corrosion against hard water resulting extended life span of heating element.

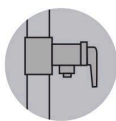

Magnesium Anode Rod

The tank has a magnesium anode rod that is designed to protect the tank from corrosive element. It works as a sacrificial anode keep the tank rust proof and ensure a longer life.

BEE Star Rating

BEE rating assures that it's highly energy efficient.

Multi Function Safety Valve

It prevents malfunction during abnormal conditions like high pressure. There are four functions of the safety valve-pressure release, vacuum release, non-return and draining. The MFSV prevents pressure to increase beyond 8 bar.

Rust-free ABS body

Rust-free ABS body prevents rusting and corrosion of water heater from outside.

Power Saver

Less electricity consumption because of high density PUF insulation and glass line coating on inner tank.

High Quality Safety Features

High quality safety features helps in avoiding any operational hazard, ensuring more safety.
